

BLITZ*

INSECTICIDE

For control of a range of insect pests in various situations as per the Directions for Use Table

Blitz Insecticide

- Schedule 5 signal heading
- Quick knock down power , quick killing power, exceptional flushing action and the long lasting residual protection of deltamethrin
- Suspension concentrate - easy to pour, measure & mix
- Solvent free - less likely to harm equipment & seals
- The end use product does not readily fall out of suspension in the mixed form thus ensuring the even spread & dispersion of the active constituent during application
- Practically no odour
- Non staining
- Non - flammable
- Biodegradable
- Effective indoors & outdoors
- Works on porous & non porous surfaces
- AQIS approved
- Effective in domestic, commercial, industrial & institutional accounts
- Effectively treats a broad range of surfaces: interior & exteriors, porous & non porous, cracks & crevices, carpets, fabrics & timber
- Used to treat a broad range of pests: cockroaches, fleas, spiders, silverfish, birdmites, carpet beatles, clothes moths, bed bugs, houseflies, mosquitoes, various timber borers
