

**AQIS APPROVAL OF CHEMICAL COMPOUND FOR USE IN EXPORT
REGISTERED MEAT ESTABLISHMENTS**

COMMONWEALTH OF AUSTRALIA
EXPORT CONTROL ACT 1982
EXPORT MEAT ORDERS

INSTRUMENT OF APPROVAL FOR CHEMICAL COMPOUND

I, Paul Smith, delegate of the Secretary, pursuant to order 128 of the Prescribed Goods (General) Orders hereby approve for use in export registered meat establishments the chemical compound known as **Deltathor Plus Insecticide** which is supplied by Ensystem Australasia Pty Ltd. Subject to the conditions specified in the following Schedule. Please note this IOA is only valid at export registered meat establishments.

SCHEDULE

The chemical compound is approved under **Category 14 Pesticide Type B**, and must not be used for any other purpose within an export registered meat establishment.

- The chemical compound shall be manufactured, labelled and contain directions for use in accordance with the details supplied by the applicant in the application for approval dated 17 December 2004.
- The person to whom this approval is granted shall notify the Secretary of any proposed alteration of formulation, labelling or directions for use of the chemical compound, and shall not effect any such alterations without receiving notification of approval from the Secretary.
- This approval is not to be construed as an indication that the Secretary has tested the efficacy of the chemical compound nor as an endorsement of the chemical compound.
- The person to whom this approval is granted shall not use the approval in any form of advertising or on any label unless the wording or display has been approved, in writing, by the Secretary.
- This approval may be revoked at any time
 - (a) if any of the conditions made by this approval are not complied with; or
 - (b) if the circumstances in which this approval was made change.
- Unless revoked, this approval will expire automatically on 24th January 2010.

DATED THIS Twenty-fourth day of January 2005

Paul Smith

APPLICATION FOR CHEMICAL APPROVAL

I refer to your application(s) seeking approval for the use of chemical compound(s) under the *Export Meat Orders*.

Your application(s) has/have been approved and the appropriate Instrument of Approval(s) (IOA) is/are attached.

In particular your attention is drawn to the conditions set out in the Schedules of the Instrument of Approval.

Please note that it is only the Export Meat Orders which require chemicals to be approved for use at export registered meat establishments. Other export commodity orders such as the Processed Foods Orders (dairy, fish etc) do not call up the AQIS chemical approval system. Consequently, the Instrument of Approval is only valid at export registered meat establishments.

Application to alter the Company Name or address, chemical formulation or details on Labels of AQIS approved chemicals.

Companies wishing to alter the company name or address, chemical formulation or label details of an AQIS approved chemical compound are required to submit a new application. This new application will incur a fee of \$185.00 and a cheque to the "Collector of Public Monies, AQIS" for this amount should be forwarded with the application.

If you require any further information regarding this matter please refer to our website www.aqis.gov.au/chemical. Alternatively you may phone Paul Smith on (02) 6271 6676 or Jenna Miosge on (02) 6271 6652 or fax (02) 6272 5442.

Yours sincerely
